I'm a self-taught developer, I love programming and always love to learn new things.

Work experience:
2019-2020:
I worked as a saleswoman in a tourist company.
My job was to reach customers through phone calls or social media accounts and to take care of them throughout the process.
2020-2021:(Freelance)
I worked as a social media manager in a small business named "Matok Li".
My job was to create an aesthetic line for the brand , updating all social media accounts and uploading posts that will draw traffic every day.
I also was in charge of graphic design projects such as- creating posters, logos, menus etc…
2021-2023:
As part of my service(National service) ,I chose to volunteer in a medical clinic , as a nurse assistant.
My job was to help clients and refer them to medical help, over the phone as well.
I also updated the system with the new information and worked with many different programs.
Languages:
- Hebrew-native
- English-fluent
